A true inspiration for entrepreneurs, Danièle Henkel has made her mark in Quebec – and across the globe. Despite all the obstacles that have stood in her way, her leadership and determination have propelled her to the top of business sectors, particularly in the field of medical aesthetics and well-being.

A strong advocate to many causes that are dear to her, she transforms every challenge into professional and personal achievement. Her best-selling autobiography has empowered several generations of proud and strong women. At the forefront of women entrepreneurship, she does not hesitate to finance, support, mentor and invest in businesses in which she believes in, as demonstrated during her five seasons on Quebec’s “Dans l’œil du Dragon”. Quebec version of Dragons’ Den.
